Fully configurable data capture forms which can be used for non auto-rated commercial products. Data capture can also work within auto-rated workflow on Powerplace.

BUSINESS DEVELOPMENT

YOUR COMMERCIAL
INSURERS, YOUR WAY

We are committed to offering our brokers the highest levels of service and ensuring your broking system operates efficiently, so that you can save time and grow sales.

Our Business Development Team will provide brokers with a wealth of support, both face-to-face and over the telephone to support best practice usage of your current system, and provide assistance with the day-to-day queries and our products.
